Is there security provided for my booth?

Yes, we will have uniformed officers on patrol inside the facility round the clock until the end of the show on February 5th. In addition, Expo Square monitors interior security cameras. However, please remember that Expo Square is a public facility to which hundreds of individuals have access including contractors, cleaning and concession personnel. Therefore, it is important that exhibitors work with Show Management in making every effort to safeguard their investment in their exhibit. Be security conscious at all times during your stay. Do not leave items of value in your booth overnight without taking extra precautions. Remember that the security of your display is your responsibility.
